

Moving Discounts

OSU has negotiated discounts with several moving companies for interstate incoming and outgoing moves. Unless noted otherwise, faculty, students and staff are eligible to use these contracts for their move regardless of funding origin. Use of these contracts is voluntary. The move should be arranged through the local carriers listed to be eligible for the percentage discount.

Prior approval should be obtained for reimbursement with University funds of moving expenses of new employees. Forms for requesting approval may be obtained from Business Affairs - Travel Section.

Submit a Department Requisition to OSU Procurement and Contract Services (PaCS), along with a copy of an estimate and signed approval form (if necessary). We will issue a purchase order to the moving company of your choice.

The contact person in PaCS is Shannon Fanourakis at 541-737-6995.
